- First aid Kit (for each group)
- List of children attending the excursion
- Medical information for children – Medication for: _____

- List of Adults participating in the excursion
- Contact information for children and adults
- Mobile phone
- Camera

RISK BENEFITS LINKED TO MY TOP OUTCOMES: -

Play is great for children's well-being and development. When Planning and providing play opportunities, the goal is not to eliminate risk, but to weigh up the risks and benefits.

Outcome 1 – Children have a strong sense of Identity = Our excursion to the movies is an opportunity for children to be in the here and now and enjoy the simple joys of being a child and enjoying a movie with their friends and peers. It provides the opportunity for children to relax in a safe and secure environment (1.1). A trip to the movies also allows children to spend time with peers and express emotions, thoughts and views about what they have watched with peers. Movies also provide a great opportunity to reflect on actions of characters on the screen and how it impacts on others and then reflect how this translates in real life, helping children to learn how to *interact in relation to others with care, empathy and respect* (1.4)

Outcome 2 – Children are aware of fairness = movies provide an opportunity for children to think critically about fair and unfair environments and an example of how to act with compassion and kindness. With peers and educators they engage in discussions about what they have watched and how stereotypes are portrayed. In these discussion, educators and parents can draw children's attention to the issues faced by the characters in the film and how it translates in their world, providing children with a shared experience to enable them to have a greater understanding of fairness and empower children to make appropriate choices in similar situations (2.2).

Outcome 4 – Children are confident and involved learners = The movie excursion will provide opportunities for both formal and informal discussions, with educators and peers, to make connections between concepts presented in the moves and experiences they may find themselves in. This will allow children to reflect on the similarities and differences in situations this and to problem solve various solutions. This will help children to develop new understandings.

Activity/Hazard	Risk (use matrix)	Risk Control	Who	When
Walking to and from bus. → Struck by car/bus on road → Trip on uneven footpath	Low Moderate	<ul style="list-style-type: none"> ✓ Ensure enough adults attending to supervise excursion. ✓ Remain on pedestrian pathways and crossing at all times. ✓ Brief children on rules and behaviour prior to excursion. 	Vac Care Coordinator All Educators All educators	Prior excursion On excursion Prior Excursion
