

Risk assessment and management template – Auburn Reading Cinemas Excursion

Approved providers, nominated supervisors and family day care educators must ensure a risk assessment is carried out before children are taken outside the service premises on an excursion. Prior authorisation must also be obtained from parents or other authorised nominees.

ACECQA has prepared this template to assist services in undertaking risk assessments before children leave the service premises as part of an excursion, which services may wish to incorporate within their own risk assessment material.

Regulation 101 of the Education and Care Services National Regulations includes the minimum risk assessment considerations for excursions, including specific considerations when an excursion involves transporting children.

Note: A risk assessment is only required to be completed at least once for a 12 month period if the excursion is a *'regular outing'*.

**Regular outing:* means a walk, drive or trip to and from a destination that the service visits regularly as part of its educational program, and where the circumstances relevant to the risk assessment are substantially the same on each outing.

Describe the process for entering and exiting the service premises and the pick-up location or destinations (as required); (include how each child is accounted for): Children will be provided with their blue Excursion T-shirt and coloured wristband with services mobile phone number upon arrival at the Centre. A Roll Call will be conducted before leaving the Centre. Once all children are accounted for, the children will line up and walk with Educators (one Educator must be at the front of the group, one Educator must be at the back of the group and the rest of the Educators to walk spaced throughout the group of children). The children and Educators will walk along the assigned footpath in School grounds next to the Canteen and out of small front gate to where the Bus will be waiting at the front of the School. If the group needs to walk up to the Bus, the children must walk on the footpath and not on the council strip to the Bus. The Educators must be spaced out between the group of children and walk on the closest to the road. When leaving the Service the time and Educator's signature will be recorded on the Children's Signed In and Out of Transport Document as the children embark. When they arrive at the Venue, the time and Educator's signature will be recorded on the Children's Signed In and Out of Transport Document as the children disembark. When leaving the Venue, the time and Educator's signature will be recorded on the Children's Signed In and Out of Transport Document as the children embark. Upon returning to the Service the time and Educator's signature will be recorded on the Children Signed In and Out of Transport Document as the children disembark. The group will enter the small side gate and walk along the footpath next to the Canteen to reach the Service. Children Signed In and Out of Transport document will record day, date, child's name, time and signature of Educator accounting for children embarking the Bus and time and signature of Educator accounting for children disembarking the Bus.	
Describe the procedures for embarking and disembarking the vehicle (include how each child is accounted for in embarking and disembarking): Each child will be accounted for when embarking and disembarking the Bus by an Educator marking them off on the Children Signed In and Out of Transport document. The time, name and signature of the person who accounted for the children who embarked and disembarked appears on this document. When embarking the children will line up at the Bus and as the Educator writes the time and their signature next to the child's name the child will then board the Bus.	

When disembarking the children will walk down the Bus steps one child at a time as the Educator writes the time and their signature next to the child's name.

The children will line up in designated area until the process has been completed, and the Bus has been checked.

A Head Count will be conducted by other Educators to ensure the number of children disembarking corresponds with the number of children lining up after disembarking.

Excursion checklist – items to be readily available during the excursion (Please tick)

☐ First aid kit	☐ List of adults involved in the excursion
☐ List of children involved in the excursion	☐ Contact information for each adult
☐ Contact information for each child	☐ Mobile phone / other means of communicating with the service & emergency services Excursions, regular outings and/or transportation Service-supplied or service-authorised devices should be used during excursions, regular outings and/or transportation. Services should consider whether excursion planning, staffing arrangements and access to service devices are sufficient to meet safety and education and care requirements without routine reliance on personal devices. During excursions personal devices may only be used if they are necessary for the safety of children or to support the education and care of children. Services should ensure educators do not rely on personal devices – exceptions for excursions are limited and only apply if there is a genuine need to support child safety and the education and care of children, and that need could not reasonably be foreseen.

RISK BENEFITS LINKED TO MY TOP OUTCOMES: -

Play is great for children's well-being and development. When Planning and providing play opportunities, the goal is not to eliminate risk, but to weigh up the risks and benefits.

Outcome 1 – Children have a strong sense of Identity = Our excursion to the movies is an opportunity for children to be in the here and now and enjoy the simple joys of being a child and enjoying a movie with their friends and peers. It provides the opportunity for children to relax in a safe and secure environment (1.1). A trip to the movies also allows children to spend time with peers and express emotions, thoughts and views about what they have watched with peers. Movies also provide a great opportunity to reflect on actions of characters on the screen and how it impacts on others and then reflect how this translates in real life, helping children to learn how to *interact in relation to others with care, empathy and respect* (1.4)

Outcome 2 – Children are aware of fairness = movies provide an opportunity for children to think critically about fair and unfair environments and an example of how to act with compassion and kindness. With peers and educators they engage in discussions about what they have watched and how stereotypes are portrayed. In these discussion, educators and parents can draw children's attention to the issues faced by the characters in the film and how it translates in their world, providing children with a shared experience to enable them to have a greater understanding of fairness and empower children to make appropriate choices in similar situations (2.2).

Outcome 4 – Children are confident and involved learners = The movie excursion will provide opportunities for both formal and informal discussions, with educators and peers, to make connections between concepts presented in the moves and experiences they may find themselves in. This will allow children to reflect on the similarities and differences in situations this and to problem solve various solutions. This will help children to develop new understandings.

Use the table below to identify and assess risks to the safety, health or wellbeing of children attending the excursion, and specify how these risks will be managed and minimised (regulation 101(1)). This must include any risks associated with water-based activities.
