

Risk assessment and management template - Excursions

Approved providers, nominated supervisors and family day care educators must ensure a risk assessment is carried out before children are taken outside the service premises on an excursion. Prior authorisation must also be obtained from parents or other authorised nominees.

ACECQA has prepared this template to assist services in undertaking risk assessments before children leave the service premises as part of an excursion, which services may wish to incorporate within their own risk assessment material.

Regulation 101 of the Education and Care Services National Regulations includes the minimum risk assessment considerations for excursions, including specific considerations when an excursion involves transporting children.

Note: A risk assessment is only required to be completed at least once for a 12 month period if the excursion is a *'regular outing**'.

**Regular outing:* means a walk, drive or trip to and from a destination that the service visits regularly as part of its educational program, and where the circumstances relevant to the risk assessment are substantially the same on each outing.

Describe the procedures for embarking and disembarking the vehicle (include how each child is accounted for in embarking and disembarking):

Each child will be accounted for when embarking and disembarking the Bus by an Educator marking them off on the Children Signed In and Out of Transport document. The time, name and signature of the person who accounted for the children who embarked and disembarked appears on this document.

When embarking the children will line up at the Bus and as the Educator writes the time and their signature next to the child's name the child will then board the Bus.

When disembarking the children will walk down the Bus steps one child at a time as the Educator writes the time and their signature next to the child's name.

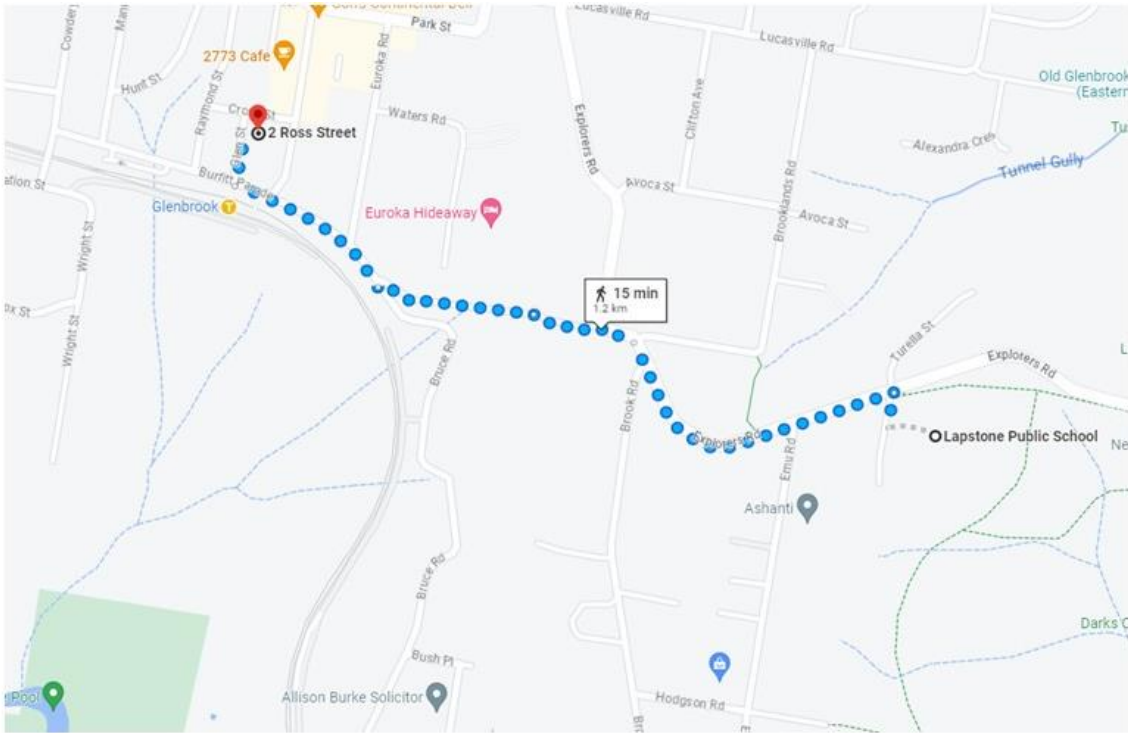

The children will line up in designated area until the process has been completed and the Bus has been checked.

A Head Count will be conducted by other Educators to ensure the number of children disembarking corresponds with the number of children lining up after disembarking.
